# Why is Team Being Fit is Legit right for you?

## LET'S BE TEAMMATES!

I have been using BODi (Beachbody) products and programs since at least 2012, so you could say I am a LIFER! I originally started this journey after my oldest was over 1 year old. I made a New Year's resolution on 2012 to take control of my health and I never looked back! Sure, it has been a rollercoaster and I promise you it looks anything but perfect, but I wouldn't have it any other way!

## THIS IS MORE THAN A DIET.

It's about moving your body to celebrate it, not punish it. It's about workouts that help you live your best life.

It's about having a solid plan that fits into your life. From birthday parties to holidays and every day in between.

It's about a community working together to hit their goals and support each other along the way.

It's about changing lives (yours included) through social sharing, team building and big impact!

*Team Being Fit is Legit* will take you from "I can't do anything." to "What can't I do?"

- ✔ Believe in yourself and in each other!
- ✔ If you aren't having fun, you're doing it wrong!
- ✔ Team work makes the dream work!
- ✔ Put people first and the income/accolades will follow!
